

BRIDPORT LOCKDOWN

YOUR PHOTOS - OUR HISTORY

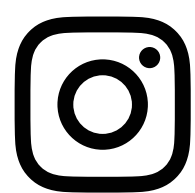

Bridport Lockdown is a community run project to create a shared visual archive of this period in local history for Bridport and the wider surrounding area.

Using photographs with their accompanying stories showing how this period of time is affecting all of our lives.

The photographs and stories are to be archived at the Dorset History Centre so as to mark the most significant shift in our society since the last world war. Anyone and everyone can submit their photographs to the project and share your personal story to add to the collection. This is a great opportunity to be a part of something that will exist for years after we have all moved on from this unique times in our lives.

We would really like to hear from you and from local groups, clubs, schools, charities and business about how the coronavirus is affecting life here in Bridport and its surrounding areas. All photos submitted to the project will become part of the Covid-19 archive at the Dorset History Centre and a selection of photographs will be posted to our social media pages listed below. Some will be selected for an exhibition locally once it is appropriate to do so.
